# Windows Download & Installation

Select this link to download BrokerMetrics® / AgentMetrics®

Select the Windows link.

If you have the option to RUN, select Run. The Setup Wizard will launch.

If your only option is to SAVE, select Save and the file will download to your downloads folder.

You may not be given an option to save or run based on your browser settings. The program may automatically download.

When the download is complete, locate the BrokerMetrics\_windows\_4\_4\_0\_1.exe file in your Downloads folder. To access your Downloads folder, from the Start Menu, select Computer in the right panel. This will open your file manager. Select the Downloads folder.

When the program is executed or when you double-click the mouse on the BrokerMetrics\_windows\_4\_4\_0\_1.exe, you may see the Security Warning screen.

Do you	want to run this file?
	Name:nloads\BrokerMetrics_windows_4_4_0_1 (1).exe
	Publisher: <u>Terradatum</u>
	Type: Application
	From: C:\Users\Chris\Downloads\BrokerMetrics_windo
	Run Cancel
🔽 Alwa	ys ask before opening this file
	While files from the Internet can be useful, this file type can potentially harm your computer. Only run software from publishers you trust. What's the risk?

It is ok to run this file. Select Run

Please wait while the Setup Wizard prepares your installation.

You may now see the User Account Control security screen

**Select Yes** 

You may get a warning that you must have administrator privileges. If you do not have administrator privileges, you may not be able to install the software to your machine.
